WORK EXPERIENCE

Business Analyst II

Genesys PHO - Flint, MI -

October 2017 to November 2017

Worked on adapting SQL stored procedures to retrieve data from a new medical data source. Also ported departmental documentation pages from an old wiki system to a new wiki system.

Web Developer

CADfx, Inc. - Flint, MI -

August 2014 to February 2017

- Developed the frontend and co-developed the backend for an ASP.Net Web API site which calculates layouts for storm drain piping. Also localized the site for other languages.
- Updated the look of the company website.
- Created an excel spreadsheet that uses Visual Basic for Applications to report on network computer usage across regions for a client.
- Developed a website in PHP which helps insurance agents track their commissions.

Junior Programmer

TGI Direct - Flint, MI -

March 2012 to August 2013

- Developed FoxPro applications to help in day-to-day production work and automate client-specific processes.
- Generated over 5 Personalized URL websites in Pageflex Campaign Manager.
- Co-developed an application for logging amounts of mail delivered in C#/ASP.net.

Student Tutor/Student Services

University of Michigan - Flint, MI -

January 2010 to August 2011

- Tutored over 20 students in Business, Computer Information Systems, Computer Science, and Mathematics courses.
- Evaluated the progress of students during and after tutoring sessions.
- Provided additional tutoring meetings with students if needed.

Choosing to Succeed Program Assistant

University of Michigan - Flint, MI -

September 2008 to April 2009

Assisted staff in the reception area and answered multi-line telephone system.

Database Developer

Genesee County Bar Association - Flint, MI -

April 2008 to June 2008

Volunteer Work)

- Developed a database for logging the community service activities of over 300 volunteers within the GCBA.
- Learned Visual Basic for Applications to customize interaction with the database and provide desired features.
- Collaborated with GCBA workers and the executive director for constant feedback to ensure every detail of the database was to their liking.
